The Engineer-in-Chief, Irrigation in the reference 2<sup>nd</sup> read above has submitted proposals to Government for according permission for the drawl of 1.10 Million Cum of water per annum from “surplus waters” from upstream side of S.A.C. Barrage, Dowlaiswaram for Consumptive use during the period from 1<sup>st</sup> July to 15<sup>th</sup> December for a period of 10 years by Ms/ Yuvaraj Power Projects Private Limited for the proposed 13 MW, Municipal Solid Waste Management based Power Plant at Vemagiri Village, Kadiyam Mandal, East Godavari District. He has also reported that the firm has no dues regarding water charges, and there are no court cases pending against the firm.

Government after careful examination of the proposal and recommendation of the Engineer-in-Chief, Irrigation, accord permission for drawl of 1.10 Million Cum of water per annum from “surplus waters” from upstream side of S.A.C. Barrage, Dowlaiswaram for Consumptive use during the period from 1<sup>st</sup> July to 15<sup>th</sup> December for a period of 10 years to Ms/ Yuvaraj Power Projects Private Limited, subject to the following conditions.

**Conditions:-**

1. The annual requirement of water can be spared from surplus water available in the upstream side of S.A.C Barrage i.e River Godavari during 1<sup>st</sup> July to 15<sup>th</sup> December only. No drawl shall be permitted between 16<sup>th</sup> December to 30<sup>th</sup> June.

2. The water drawn from the River Godavari should be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation of the permission with out any notice and liable for imposition of penalty.
3. The entire cost of infrastructure to draw water shall be borne by the industry only.
4. Water meters or suitable measuring devices should be installed by the industry at their own cost to measures the water consumed and water measuring devices should be kept under the control of Irrigation & CAD Department and the representatives of the user shall be present at all times for taking readings.
5. The Industry should pay water cess/royalty at the existing rates and subject to revision by the Government from to time. In case of failure to pay water cess/royalty the permission to draw water shall stands cancelled.
6. No field bodhi or pipe line shall be taken through or along with.
7. Government land with out approval of Government and if permission accorded by the Government the lease of Government land should be paid as fixed by Government only.
8. The Industry should obtain the prior concurrence of concerned Department for laying pipe line and for crossings etc.
9. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be born by the industry only.
10. The Industry should make its own arrangements for supplementary of water in their premises only.
11. The Industry should make their own arrangements to dispose the treated effluents as per norms of Andhra Pradesh pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in the natural resources.

12. The Irrigation & CAD Department reserves the right for cancellation of the permission without assigning any reasons thereof.
13. The Irrigation & CAD Department is no way responsible of non-supply/Non availability of water due to any reasons in any particular water year.
14. The industry must acquire the private land for installation of pumping arrangements.
15. This industry must strengthen the river margin 100 Mts. On either side of the proposed off take point to avoid slips, erosion of banks and to protect existing margins as directed by the Department.
16. The industry should follow the Revenue Board Standing orders (B.S.O).
17. The industry should pay Security deposit at 2.5% on 10 years water charges for which permission is granted.
18. **The permission accorded shall be for a period of 10 years only.** The permission shall have to be renewed well in advance before the expiry of the permission.
19. The Industry shall pay one year water charges as advance and amounts due to the Department before entering into agreement.
20. **The Industry should make its own arrangements creating storage facilities for the requirement of water for the period from 16<sup>th</sup> December to 30<sup>th</sup> June in their premises only.**
21. **The present rate of royalty charges as per the G.O. Ms.NO.39, Irrigation & CAD Department, dated: 02.04.2002 is Rs.3.00 per 1000 gallons for consumptive use as the water is drawn from Irrigation Infrastructure i.e U/s S.A.C. Barrage. The water royalty charges are likely to be revised by the Government from time to time and the industry shall pay the revised rates as fixed by the Government from time to time.**
22. The firm has to pay the water charges for the permitted quantity in advance at the start of the Finance Year (i.e) before 10<sup>th</sup> April every year as per BSO.

23. The consumptive utilization of **1.10 Million Cum of water per annum** as required should not exceed under any circumstances.
24. A detailed plan showing the location, the intake arrangements, details of pump house conveyance system etc., shall be furnished to the Department.
25. The Industry shall abide any other conditions laid down by the Government/Department from time to time.
26. The permission does not confirm any riparian right to the industry.
27. Non adherence of the any of the conditions by the Industry entails cancellation of the permission.

The Engineer-in-Chief, Irrigation is requested to take necessary further action in the matter and conclude agreement specifying the above conditions with the Industry and ensure that the Industry pays water charges promptly for the water drawn from Irrigation source.
